

Markowitsch Jörg, 3s Unternehmensberatung GmbH

Jörg Markowitsch holds a Doctoral Degree in Humanities and a Master degree in Science and Technology and is Senior Partner at 3s Consulting in Vienna which he founded in 2001. He is experienced Team Leader in international research and development projects in the area of education and labour markets, and policy advisor on national and EU-Level for senior officials and policy makers. He is member in several EU Expert and Working Groups and in various international research associations. His areas of research include among others: Comparative Research in Vocational Education and Training (VET); European Educational Policy; firm-based training; acquisition of competences; skill taxonomies; skills forecasting. He has recently conducted various comparative surveys on apprenticeships in Europe and coordinated the Cedefop project 'The changing nature and role of VET in Europe'. The project analysed how vocationally oriented education and training has developed and changed in the last two decades (1995-2015) and presented scenarios for VET in 2035.
